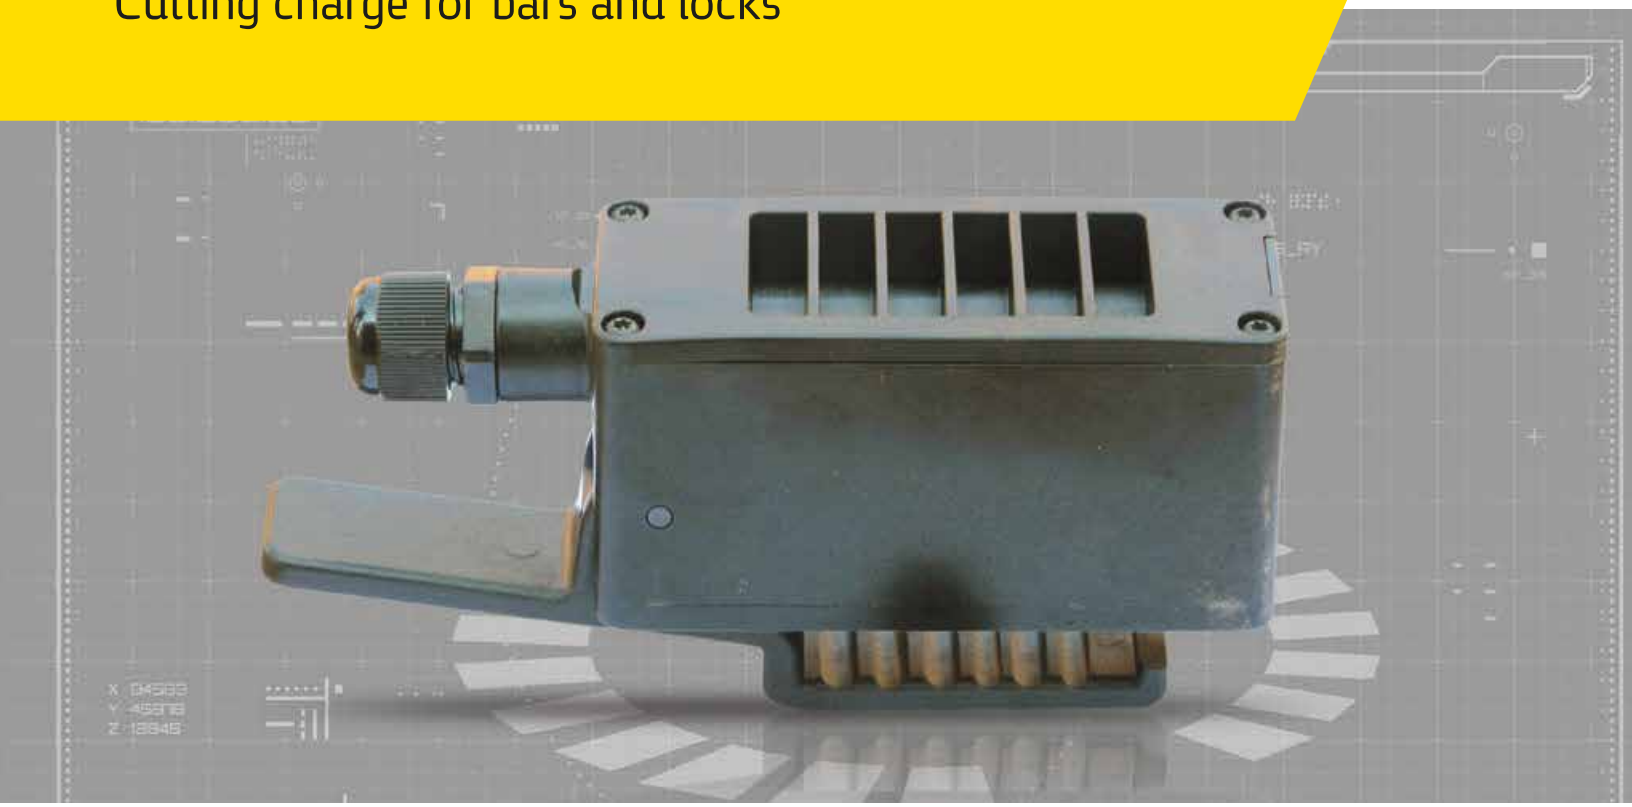
Cutting Clip

Cutting charge for bars and locks



The cutting clip is a linear-shaped charge for cutting steel bars and locks, designed for use by Special Forces. Simple to operate, the cutting charge does not require additional tools. The compact, easy-to-store device includes portable ammo with a total of six clips; four in a thigh holster and two in a pouch.

Suitable for all types of bars and locks, the cutting clip cuts bars of Ø20mm and more (SAE4140 steel), steel plates 16mm thick and 50mm wide, and a variety of steel locks.
